COMMENTS FROM THE TOWN MANAGER'S OFFICE

Saturday, July 19, Mollycoddett Day, there will be a bicycle race on Main, Broad, Chapman and Mason Streets. It will entail closing these areas to traffic from 8:30 a. m. to 10:30 a. m.

Last Monday night the selectmen reviewed the petition regarding the condition of the East Bethel road. It was agreed some program should be instituted to either provide more maintenance or for construction. It could be a combination of both. Wednesday, at the request of the town office, representatives of the Department of Transportation viewed the road and made suggestions for improvements. These will be presented to the selectmen at their next meeting, Monday, July 28. The meeting will be held in the town office at 7:00 p. m.

Cathy Newell, was appointed to fill one of the two vacancies on the planning board.

Greenwood City —

— Mrs. Collette Morgan, Corrae. —

I have just been watching a hawk, a tiny speck of life flying against clouds as they move upward and leaned over the pond. The sky became bluer as they climbed or maybe it only seemed that way. The hawk was on an updraft between the clouds. Occasionally it would bow and dip as it went back and forth between the white buildings of air. What a picture spread out below him; vast slates of forest land encircling the waters, weaving lines of streams moving into the pond. He cut through the air with precision, shaping his course while all the time his amber eyes looked down and his wings spread tirelessly.

I, too, saw the pond one day this week from my boat, thanks to a friend who handled the oars for me.

I looked across the valley to the green heights, warm, yet hazy in the distance. My eyes followed the expanse of weathered rocks in different places and through the forest spruces, birches and pines. I remembered that lichens form vells over these rocks while mosses and many flowering plants grow there. Partridges go booming off to one side of a path while the rabbit goes to the other. I thought of the many times I had been among it all, the miles I had covered and the strenuous climbing which brought weariness to my muscles.

We went down pond toward the "bigwaters" passing the white lily queens. They floated on the smooth surface amid rounded shields of green, reddish beneath, perfuming the air. Isn't it strange that such an admirable flower grows out of rich black mud springing into spotless purity?

We fished at the mouth of Sanborn River and caught none. It mattered not to me for I was enjoying my surroundings. It was good to hear the redwings again here in this, their spot. It was nice to float around again on the ponds, to view the landscape and the big dome of sky overhead. I had missed it and the times that I had fished on and on; a day without beginning or end, just a timeless passing which was like the flowing of a mountain stream.

Memories are like patchwork pieces, put together haphazard with no special pattern. The mind picks them out of the past.

Across to the back shore we went through the slow water. Giddy troops of arrow-heads were wading in the shallows while haughty pickerel weeds disdainfully ignored them. Above, the swallows put on a display of aerial acrobatics; delightful entertainment, whirling and skimming about over the water and every so often plunging their breasts into it. It was like breaking a mirror to fragments, a reckless display of bravery and skill. A lovely party!

cast, and took a nice bass, I was delighted as was he. Then he said, "I wish you could catch one too."

Small birds flew in and out of the thickets along the shore. In one spot a spider hung close to the water, now touching it and sailing on like a little boat leaving a V-shaped ripple behind, now swinging clear only to return to the pond. He was seeking adventure. I wondered where he started from and where he would end.

Little ferneries in shady nooks were thatching the cliffs with softest beauty. Some of their fronds seemed to float on the warm, moist air with no connection to the rocks.

Little flies were landing and taking off and in places there were hundreds of pond skaters in "hairy shoes" on top of the water. I wished that I might have one hour, with use of his hairy shoes so I could skate upon the pond while all the water bugs looked on.

A beautiful dragon fly came, lit, looked us over with his six sided lenses, then decided to move on.

All this time we fished and drifted. I returned after a short hour very happy that I had once again been to my favorite haunts.

UPTON UNION CHURCH SERVICES

Evening services are now being held at 7:30 every Saturday during July and August at the Upton Church.

After many years as a Congregational Church, it is now non-denominational as it was originally when it was formed in 1842.

The present church was not built until 1874, earlier meetings having been held in the original school house, now the Ladies Aid building. When the church foundation was rebuilt in 1970, four millstones were found in the rough stone foundation and these are now seats on the terrace in front of the building.

Visitors of all denominations are welcome at the services which are followed by refreshments in the adjoining Ladies Aid Building, the same building that the earlier church services were held in when it was the school house.

WARDEN SUPERVISOR REVIEWS FISH & GAME LAW SUNDAY EVENING

On Sunday, July 13, Warden Supervisor Mickey Noble presented an informal program as part of the Bethel Democrats' "Second Sunday" series. Warden Noble reviewed the changes in Fish and Game laws passed by the 107th legislature in the area of license fees and snowmobile regulations.

He pointed out that despite the addition of new responsibilities in the area of enforcement of environmental laws and the general population increase, the number of wardens has not increased in 20 years. Some other states have begun a Deputy Warden program, similar to the Sheriff's Department, and Warden Noble felt that Maine might see such a program in the future.

The August "Second Sunday" program will take the form of an evening picnic at Rep. Emily Saunders' cottage on Songo Pond. This will coincide with the Oxford County Democratic Committee meeting which will be held following the picnic.

The Bicentennial observance is divided into three categories: Festival, Heritage and Horizon. The Bethel committee is planning activities under all three areas of thematic coverage. Mollycoddett Day will feature booths, exhibits and a parade with Bicentennial features. The Bethel Historical Society will show the American Revolutionary Bicentennial Commission film "We Hold These Truths." Members of the Bethel Rifle Guard will fire a volley to mark the beginning of what is planned to be a year long observance culminating in a three day event in July 1976.

The August activity will be a Bicentennial Concert which will feature the performance of Revolutionary era music as well as distinctly American music of later periods. An historical marker system with accompanying booklets in addition to the proper maintenance and designation of Revolutionary War veterans' graves is also planned. The establishment of a historical resource system for use in the schools and the library is scheduled to be completed by the summer of 1976. Work is already begun on the restoration of the East Bethel Church, the second oldest meeting house in Bethel.

Discussions are still underway concerning other projects that might be attempted during this Bicentennial era. Among them are recreation facilities, town beautification project, and a memorial on the Common. If anyone has any ideas or is willing to help with any of these programs, please contact the chairman at 824-2661 or the Executive Secretary, Stanley Howe, at 824-2808, or any member of the Bethel Bicentennial Committee.

HARDING - SHAW

The marriage of Delora Valene Shaw to Richard Walter Harding Jr., took place in the Congregational Church on Wednesday, July 16, The Reverend Thomas L. Cation officiated at the double ring ceremony.

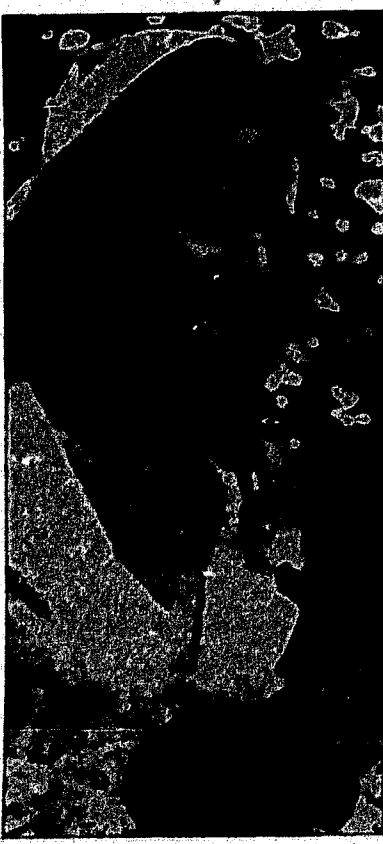

The bride is the daughter of Mr. and Mrs. Robert Shaw of Corsicana, Texas; the groom is the son of Mr. and Mrs. R. W. Harding of Paradise Hill, Bethel, Maine.

Matron of honor was Stephanie Shaw, sister-in-law to the bride. Peter Berglund of Allentown, Pa., served as best man, Mark Harding, the groom's brother and Ronald Shaw, brother of the bride, served as ushers.

The bride wore an original gown made by her mother of white satin crepe, featuring an embroidered flat lace midriff, long puffed sleeves ending in crocheted lace, and a chapel train trimmed with needlepoint daisies. Her shoulder-length veil, handcrafted by her mother, was made of the same embroidered flat lace as the gown midriff. The bride carried a cascading bouquet made of pink sweetheart roses and phalaenopsis orchids, centered with a lavender throatied orchid cymbidium corsage.

The matron of honor wore a formal dress of blue chiffon in a blue rosebud pattern. The gown featured a ruffled scooped neck, long sleeves, and a large ruffle at the bottom. She wore a circlet of blue and pink carnations on her head.

The bride's mother wore a peach dress embellished with white flowers. She wore a green cymbidium orchid corsage. The groom's mother wore a formal dress of Nile green accented with

Mrs. Richard W. Harding, Jr.

a white lace belt. Her corsage was a yellow cymbidium orchid.

A single bouquet of pink roses, blue delphinium, pink carnations and baby's breath gave a festive air to the century old church.

The reception was held at the Bethel Inn, where a buffet supper was served. The wedding cake featured flower decoration. The bride chose a simple black dress, accented with white accessories, as her traveling outfit.

The newlyweds will reside in Dallas, Texas, where the groom is completing his master's degree in geology.

LEGISLATURE EXPANDS STATE AID FOR PUBLIC RECREATION SERVICES

State aid for public recreation services has been expanded by the 107th Maine Legislature, according to Thomas Dickens, Director, State of Maine Bureau of Parks and Recreation.

Effective Oct. 1 the Municipal Recreation Fund will include grants for personnel, equipment, supplies and transportation. Dickens said, "The purpose of the program is to stimulate new recreation services in municipalities that have never had such services and to improve the type of recreation offered."

Municipalities with a population under 5,000 are eligible to apply for a recreation grant. Direct state assistance is available to municipalities, not exceeding \$1,000, state money, on a sliding scale over the next three years. The percentage of state assistance is 70% the first year; 50% the second year and 25% the third year.

Priorities for grants include initiating new recreation programs, providing full time leadership, transportation for needed services and certain recreation supplies and equipment. Applications will be acted upon by Dec. 1, 1975.

BETHEL INN "SUPERSTARS" PART II SLATED FOR JULY 26

The Shuffleboard Team of John (Hang Ten) Head and Dave (The Greek) Denison has formally thrown down the gauntlet and challenged the Bethel Inn Team of "Mighty" Mike Robinson and John "Shuffler" Gasser to a best of three games of America's best loved and fastest growing sport.

The contest has been slated for Saturday, July 26, at 2 p. m. at Bethel Inn's lighted Shuffleboard Stadium, according to sources at the well-known Bethel hostelry. The contestants will battle it out for the right to represent Bethel in the Shuffleboard Championships to be held in Iceland in 1976. While each of the competitors is a professional in his own right, John "Hang Ten" Head is thought to hold the record for the most number of games never completed.

Since ABC's Wide World of Sports will not be in Bethel that Saturday, in all probability the match will not be shown to the world via Satellite.

Officials for the event are Mrs. Barbara Brown, Richard Verville and Charlie Hurd. All are members of the Greater Icelandic Shuffleboard Umpires Association.

from the Community Recreation Division, Bureau of Parks and Recreation, Augusta, Maine 04333. The deadline for submitting applications is November 3, 1975.
